Radboud University

Many reasons to choose Radboud Summer School

Our renowned, dedicated academic staff

Over 100 top researchers and lecturers have cleared their personal agendas to share their academic knowledge, skills, experience, and professional expertise with you during the summer holidays.

Courses offering valuable in-depth insights

Our courses offer valuable in-depth insights, cover a great range of academic fields and levels, and most are research-oriented as well. All courses will focus on topics that are on the forefront of scientific knowledge.

You become part of our international community

During Radboud Summer School you become part of our growing international community. Participants from over 85 countries joined us last year. This allows for an exciting environment to meet new people and to expand your social and academic networks.

You get great value for money

Our courses offer great value for money. The fee includes: registration costs, course materials, access to library and IT facilities, coffee & tea, lunch, and a number of social activities.

Our welcoming, social programme

The social programme we offer includes a welcome reception, guest lecture, and farewell drinks. For only a small fee we also offer a bbq, river cruise, city tour, pub quiz and sports activity.

Private accommodation

We offer all our participants a private, furnished room; including bed linen and free use of Internet. The bathroom and kitchen are shared with your fellow participants of the Summer School. All accommodation is located within biking distance of the university campus and can be easily reached by public transport.

Green campus, safe city

Radboud Summer School takes place on our campus. We are proud to say it is the greenest in The Netherlands! Nijmegen (old city with a young vibe) and our university have an open and laid-back atmosphere, where both our students and staff feel safe and at home.

Free Radboud Bikes

We offer the first 100 participants free use of a Radboud Bike for the duration of the course.

Last, but not least: our courses

Most of our courses are interdisciplinary and will inspire a change in your perspective regarding your own academic field.

Below you will find a small selection of courses of our previous edition:

- Citizenship and Migration: Europe's 21st Century Challenges
- Climate Action for Sustainable Development
- Qualitative Methods
- How to Become an Excellent Lecturer
