

CALL FOR PAPERS

The organizing committee of the 2020 7th International Conference on Energy Efficiency and Agricultural Engineering (EE&AE) kindly invites you to submit a paper via the conference management system:

<https://cmt3.research.microsoft.com/EEAE2020>.

Each author can participate in at most three papers. Each paper will be reviewed by at least two reviewers.

SCOPE OF THE CONFERENCE

The first EE&AE conference was held back in 2002. The development of the information and communication technologies enforces the need to solve new problems. Therefore, the main aim of the conference is to provide a platform for discussion and exchange of ideas for academics, scientists, engineers, PhD students and businessmen in the fields of energy and agriculture.

TOPICS

- Energy Efficiency
- Smart Grid, Renewable Energy and Power Quality
- Power Systems
- Environmental Management Systems
- Electric Vehicles
- Sensors and Measurements
- Modeling and Simulation
- Information and Communication Technologies
- Precision Agriculture
- Agriculture 4.0
- Standardization, Metrology and Quality
- Entrepreneurship in Agriculture and Energy
- Global Challenges in Education

IEEE CONFERENCE

IEEE holds the copyrights of the conference proceedings. Papers meeting the quality criteria will be indexed in the IEEE Xplore Digital Library, Scopus and Web of Science. IEEE reserves the right to exclude papers from the conference proceedings if not presented by an author.
