

Global Summit on  
**ONCOLOGY AND  
CANCER THERAPY**

November 23-24, 2020  
New York, USA

Theme: Empowering the Modern Research Incline to Conquer Cancer

<https://www.longdom.com/neurooncology>

LONGDOM GROUP SA, Avenue Roger Vandendriessche, 18, 1150 Brussels

Contact No: +32 466 903 212

Dear Attendees,

Longdom Conferences Provide platform for the Scientists, Deans, Professors, Manufacturers, Students and Academicians to exchange their ideas & updates on recent innovations associated with it. We are pleased to welcome you to attend and associate with us at Oncology Research 2020 conference on November 23-24, 2020 in New York, USA. Oncology Research 2020 mainly focuses on the theme “Empowering the Modern Research Incline to Conquer Cancer” guided by a line-up of expert speakers.

Sincerely,

Oncology Research 2020  
Organizing Committee

## **Oncology Research 2020:**

- Opportunity to attend the presentations delivered by eminent scientists from all over the world.
- Selected contributions will be published in following Longdom Conferences Journals→.
- Journal of Cancer Science and Research
- Journal of Cancer Research and Immuno-Oncology
- Journal of Leukemia
- Participation in sessions on specific topics on which the conference is expected to achieve progress
- Global networking: In transferring and exchanging Ideas
- Share your excitement in promoting your skills in the field of designing
- Conference brings together Scientific Researchers, Business Entrepreneurs and Industry Developers

## Our International Open Access Journals

- 700+ Leading-edge Peer Reviewed Open Access Journals
- 21 Day Rapid Review Process
- 50000+ Editorial Board Team, 35000+ Reviewers team
- 30 Million Readers and High Visibility
- 1000+ Scientific Associations Collaborations
- 100000+ Likes
- Publication immediately after acceptance
- Quality and Quick editorial, review processing

## Salient Features

- Easy to Submit and Review Systems
- High Quality and Fast Publishing Guaranteed
- Unbiased, quality-oriented, and transparent reviews
- Truly impartial recognition of the best papers
- Feedback on the impact of every article
- Enhanced feature: Audio version of published paper
- Digital articles to share and explore
- Sharing option: Social networking enabled
- Authors, reviewers and editors are provided with scientific credits
- User friendly/feasible website articles translations across more than 50 world languages

## Our International Scientific Conferences

More than 3000 Conferences happening across the globe

- Conferences organized in Medical, Pharma, Engineering, Science, Technology and Business.
- CME/CPD Accredited Conferences fostering professional and Personal development
- Continuum of education through organized scientific program
- Renowned speakers and scientists representing from 40 countries
- Highly Interactive sessions and Panel Discussions
- B2B Meetings offers perfect platform for Global Networking

## Salient Features

- Robust on-line publicity for all the speakers and organizing committee members
- Career Guidance Workshops for students and early career researchers
- Accepted Abstracts will be published in various indexed journals
- Accepted abstracts will be labeled with a Digital Object Identification Number (DOI) provided by Cross Ref
- Creation of speakers and abstracts pages in Google
- Opportunity to publish full Manuscripts in our Open Access Journals

**Global Summit on Oncology and Cancer Therapy** scheduled during **November 23-24, 2020 in New York, USA**. This Conference focusses on the theme **“Empowering the Modern Research Incline to Conquer Cancer”**

Longdom Conferences Provide the platform to speakers and offer delegates the opportunity to share their ideas and network. We are pleased to welcome you to attend and associate with us at **Oncology Research 2020** conference on **November 23-24, 2020 in New York, USA**. **Oncology Research 2020** mainly focuses on the theme **“Empowering the Modern Research Incline to Conquer Cancer”** guided by a line-up of expert speakers.

Oncology Research 2020 is a branch of medicine that deals with the prevention, diagnosis, and treatment of cancer. Oncology is a disease in which malignant (cancer) cells form in the tissues of the body. Medical Oncologists are specialists in the treatment of Blood cancer. Blood cancer oncologists are challenged to personalize care with rapidly changing scientific evidence, drug approvals, and treatment guidelines. Blood cancer is a cancer that develops from Blood tissue. Signs of blood cancer may include a Coughing or Chest pain, Fever or chills, Frequent infections, Itchy skin or rash, Loss of appetite or nausea, Night sweats, Persistent weakness and fatigue, Shortness of breath, Swollen, painless lymph nodes in the neck, armpits, or groin

## **Oncology Research 2020 salient features:**

Meet Academia and Industry visionaries to get inspired

- Expand your knowledge and find solutions to problems
- Knowledge, Benchmarking and Networking offered at one place
- Forge connections and for global networking
- Highly Organized and Structured Scientific programs
- Poster presentations and world class exhibitions
- Meet with new vendors and suppliers

## Objectives

- After participating in this meeting, attendees should be able to
- Discuss emerging issues in Oncology Research
- Discuss and apply recent research findings related to Oncology Research
- Reflect on the place of critical distance in Oncology Research

## Who should attend?

- Professors
- Associate professors
- Assistant Professors
- Ph.D. Scholars
- Graduates and Post Graduates
- Directors, CEO's of Organizations
- Head of Departments
- Research Institutes and members
- Manufacturing Companies

## Conference Sessions

- Oncology
- Classification of Oncology
- Hematology
- Hematologic Oncology
- Neuro-Oncology
- Surgical Oncology
- Brain Tumor
- Neurosurgery
- Leukemia (Cancer of Blood)
- Blood Disorders and Blood Oncology
- Leukemia Immunology
- Anemia & Bleeding Disorders
- Advance in Bone Marrow Transplantation
- Stem Cell Research
- Hematology and Alternative Medicine
- Neuroscience
- Brain and Spine Neurosurgery
- Novel Therapies in Neuro-Oncology
- Medical Treatment of Metastatic Cancer to the Nervous System

The City of New York usually called New York City (NYC) or simply New York (NY), is the most populous city in the United States. With an estimated 2018 population of 8,398,74 distributed over a land area of about 302.6 square miles. A global power city, New York City has been described as the cultural, financial, and media capital of the world, and exerts a significant impact upon commerce, entertainment, research, technology, education, politics, tourism, art, fashion, and sports.

Over 600,000 students are enrolled in New York City's over 120 higher education institutions, the highest number of any city in the United States and higher than other major global cities like London and Tokyo, including over half million in the City University of New York(CUNY) system alone in 2014. Much of the scientific research in the city is done in medicine and the life sciences. New York City has the most post-graduate life sciences degrees awarded annually in the United States.

New York City received an eighth consecutive annual record of approximately 62.8 million tourists in 2017, counting not just overnighters but anyone visiting for the day from over 50 miles away, including commuters

## IMPORTANT DATES:

**Abstract Submission Opens: November 30<sup>th</sup>, 2019**

**Registration Opens: December 15<sup>th</sup>, 2019**

**Early Bird Registration: March 31<sup>st</sup>, 2020**

**On Spot Registration: November 23<sup>rd</sup>, 2020**

## VENUE
