Organised by

# ASIA-SINGAPORE CONFERENCE ON SPORT SCIENCE

BY DR. MIKE CLIMSTEIN

**Asia-Singapore Conference on Sport Science (ACSS 2021)**, themed “A Multidisciplinary Approach to Enhance Sport Performance”, the two-day Conference will offer participants the opportunity to learn about the latest trends and best practices in the world of Sport Science. Leading academic scientists, researchers and research scholars will attend to exchange and share their experiences and research results on all aspects of Sport Science. We encourage research papers and training approaches based on integrating different disciplines applied in Sport Science to enhance sport performance to be submitted to the conference. Expect presentations on the most recent innovations, trends, and concerns, as well as practical challenges encountered and solutions adopted in the fields of Sport Science.

**We welcome all papers on the topic of Sport Science to be presented at ACSS 2021.**

## What can you expect at ACSS 2021?

- Ample interaction opportunities for ACSS delegates
- Top Singapore hospitality for all attending delegates
- An intellectually stimulating scientific program featuring more than 100 presentations by leading researchers, teachers, and practitioners
- An opportunity for East-West science and practice collaborations at ACSS

## IMPORTANT DATES

**Abstract Submission Deadline: 14th June 2021**

**Author Notification Date: 28th June 2021**

**Final Paper Deadline: 1st October 2021**

**Early Bird Registration Deadline: 7th October 2021**

**Final Registration Deadline: 8th November 2021**

**Conference Date: July 7-8th December 2021**

## VENUE

## HOLIDAY INN SINGAPORE ATRIUM

317 Outram Road, Singapore 169075

### 5 Star conference venue overlooking the Singapore River

Holiday Inn Singapore Atrium is strategically located in the heart of the city, steps away from the iconic Singapore River. A mere 25-minute ride from Changi Airport, its central location places you minutes from the Central Business District and Marina Bay, and is seamlessly connected by car, bus and train to city attractions such as Orchard Road, Sentosa, Universal Studios, Gardens by the Bay, Clarke Quay, Chinatown and Tiong Bahru. Take a dip in one of our outdoor pools or engage in a workout at our 24-hour fitness center. After hours, unwind at our lobby bar or the Executive Lounge that overlooks Singapore's stunning skyline.

# KEYNOTE SPEAKERS

## Keynote Speaker

**Prof. Emeritus Dr. Douglas B. McKeag, (MD, MS, FACSM)**

OneAmerica® Professor Emeritus for Family, Sports and Preventive Medicine & founding Director of the IU Center for Sports Medicine

Dr. McKeag is honored to be named the 2015 AMSSM Senior Traveling Fellow and looks forward to travel to South Africa. He currently serves as Adjunct Professor of Family and Sports Medicine at Oregon Health and Science University in Portland, Oregon. He also serves as Medical Consultant to OneAmerica Financial Partners, the National Collegiate Athletic Association, and the American College of Sports Medicine. He served as Chairman of the Advisory Board of Directors of the Indiana Schweitzer Fellows Program, a service learning program for professional students. He just completed co-authorship of the American Academy of Neurology's comprehensive Position Statement on Concussion. He serves on the US Lacrosse Sports Science and Safety and the Men's Game Committee and was team physician for U-19 National Men's World Champion Team.

Serving as a consultant to the 2000 Sydney and 2008 Beijing Olympic Committees, Dr. McKeag has also consulted with Princeton University, Bradley University, Kuwait University, Walt Disney Educational Services, Puerto Rico Olympic Committee, Clemson University, New York Giants, University of Louisville, Southern Illinois University and the Indianapolis Colts among others. He has served as the head team physician at Indiana University-Purdue University at Indianapolis [IUPUI]. Dr. McKeag has also been the Principal Investigator in numerous research grants totaling over 2 million dollars.

Dr. McKeag chaired the Indiana Arthritis Initiative – an outreach of the Indiana State Department of Health. In 2006, he was presented the State Health Commissioner Award for his service to the State of Indiana. He was appointed by Governor Mitch Daniels to the Indiana Health Care Reform Core Committee in 2008. In 2011, he gave the Distinguished Visiting Alumni Lecture for the College of Human College at Michigan State University. Dr. McKeag was bestowed the Essence of IUPUI Outstanding Faculty Award in 2009. Currently he serves on the boards of the Honduras ENLACE Foundation, OurHealth, Inc. and Community Healthplex Sports Club.

## Keynote Speaker

**Asst. Prof. Dr. Kawabata Masato**

Physical Education & Sports Science, National Institute of Education, Nanyang Technological University

Dr. Masato has been interested in how physical activity affects physical and psychological well-being and human development. In the quest to find answers to that question, he has conducted extensive research on the optimal experience in physical activity settings. As an educator, he has been most interested in how practitioners (e.g., educators and coaches) can assist others in engaging constructively so that they can lead flourishing lives. He has used physical activity (e.g., exercise and sport) as a vehicle for fostering the principles of personal growth.

His research outputs have been published in respectable international journals (e.g., Psychology of Sport and Exercise, Journal of Sports Sciences, Motivation and Emotion). The study by Mallett, Kawabata, Newcombe, Forero and Jackson (2007) was ranked first in the top-25 'hottest' articles (most downloaded) of PSE, October-December 2007.

# KEYNOTE SPEAKERS

## Keynote Speaker

### Assoc. Prof. Dr. Stephen Burns

Physical Education & Sports Science, National Institute of Education, Nanyang Technological University

Dr. Stephen Burns is an Associate Professor within the Physical Education and Sports Science Academic Group, National Institute of Education at Nanyang Technological University (NTU). He holds a PhD in Exercise Physiology from Loughborough University in the U.K. and has previously held posts at the University of Texas at El Paso and the Children's Hospital of Pittsburgh in the U.S. before coming to NTU. Dr. Burns' research examines how exercise affects fat oxidation and metabolism. He is actively engaged in research collaborations with individuals in universities within Asia, Europe and the U.S. and works with industry partners.

## Conference Co-Chair

### Assoc. Prof. Dr. Mike Climstein (FASMF, FACSM, FAAESS)

Southern Cross University, Australia

Dr. Mike Climstein is an academic specializing in clinical exercise physiology and exercise/sport science. He is an Associate Professor at Southern Cross University. Mike has published 128 peer-reviewed scientific publications, 12 book chapters, 6 peer-reviewed conference papers, 110 conference presentations/abstracts and attained over \$7 million in research funding. His academic and clinical accomplishments have been peer recognized having been awarded fellowship by the American College of Sports Medicine (FACSM), Sports Medicine Australia (FASMF) and Exercise and Sports Science Australia (FAAESS). Additionally, he is an Academic Editor for the Journal PeerJ, Editorial Board Member for Sports MDPI and reviewer for numerous sports science and medical journals. His current research involves surfing, skin cancer in surfers/swimmers/stand up paddle boarders, world master games/veteran athletes, physiological monitoring of athletes and patients with smart textiles and assessing punching and kicking power in black belt martial artists. Mike was recently recognized for academic excellence in teaching and research by Southern Cross University.

## Conference Co-Chair

### Dr. Ian Tim Heazlewood

Exercise and Sports Science Expert

Dr. Ian Heazlewood is an academic specialising in human movement, exercise and sport science for more than 25 years. He has also worked in private industry in health-related research. Extensive coach and research consultant roles for elite/high performance athletes, including past world champions, national and state champions and minor medalists across many sports and current national and state champions and minor medalists across many sports, especially masters athletics. These sports have included international master's sports, athletics, rugby union, rugby league, weight/power lifting, squash, Australian and NSW BMX, Australian cricket and NSW and Australian Touch. Currently an NT high performance athletics coach and consultant to NT Athletics.
